Softwares				
Windows Home Server w/ power pack 3 (10 cal.)	\$59.98	Kaspersky Internet Security 2011 3users...	\$29.99	This Month Specials Kaspersky Internet Security 2011 (3 users) \$29.⁹⁹ (temp price cut, till 10/31)
Windows 7 Home Premium upgrade 32/64bit (Family Pack, 3user).....	\$148.99 <small>new</small>	Trend Micro Internet Security 2012 3 PC's...	\$29.98	
Windows 7 (Home Premium) full 32 / 64bit.....	\$109.99	Office 2010 Home & Business (oem) - (word, excel, power point, outlook, One Note).....	\$189.99 1pc	New & Super Hot Item ASRock E350M1, AMD Zacate E350 (1.6GHz, Dual-Core) AMD A50M Hudson M1 Mini ITX w/ CPU Combo Dual-Core E350, DX 11, A50M chipset supports 4 SATA3 \$119.99
Windows 7 (PRO) full I 32bit / 64bit.....	\$147.99	Office 2010 PRO (oem) - (word, excel, power point, Access, publisher, outlook, Publisher, Outlook, One Note).....	\$339.99 1pc	
Windows 7 (Ultimate) full I 32bit / 64bit.....	\$196.99	Office 2010 Home and Student (oem) (word, excel, power point, OneNote).....	\$119 1pc	 Inbuilt ATI6310 APU : Means full acceleration in Hardware of Bluray and X264 media. E350 Processor (a lot like some of the E350 laptops, more cache and a bit more speed) Full HDMI output, 3D-HDMI ready, supports DD/DTS HighDefinition (DTS-MA, DD-HD) bitstreaming Does so on 18W.. so this is the LOWEST POWER option on the market. DOES NOT REQUIRE A CPU Fan. Unit will work on a heatsink only, which combined with a small mini-ITX case makes for one of the quietest most durable Windows Media Centers out there Fully Linux compliant with a full 1GB PCI-E onboard NIC Supports SATA-3 natively on ALL ports Throttle down control to 9W.. In other words: right now, these are the most power efficient high performance boards on the market. As a board, its performance is basically the same as an AthlonII-250 + a 5450 video card... but the power usage is 1/3 of that.
Windows 7 (Home Premium) upgrade....	\$119.99	Office 2010 Home and Student (Retail) (word, excel, power point, OneNote).....	\$129 3pc
